Male use of online courses is growing slightly faster than female use (2016-2019)

Online course-taking has contributed to a larger number of credits taken, not to a different distribution of credits taken (2016-2019)

Out of 3178 students to graduate with a BA or BS in 2018, 41% had taken 4 or more courses online, only 24% had taken no courses online

The gap between in-person and online course DFWI rates is shrinking at both graduate and undergraduate levels, though undergraduate levels are less stable (fall 2014 - spring 2019)

KEY: the middle number of 1149 – 14 – indicates the year. A number ending in 9 indicates fall semester, 2 indicates spring semester. Eg, 1152 = spring semester of 2015
